

SkillSignal Sync App

The SkillSignal Sync App provides the user with an interface to push data related to the daily workforce and Daily Report Document from the SkillSignal system. The prerequisite to use this SkillSignal's app is to have an active SkillSignal system account.

PROCORE LOGIN

- Once user initiates / launches the SkillSignal app on the Procore platform, the login screen is shown to the user.
- To gain access, user has to enter valid SkillSignal login credentials. Other users will be denied.
- Upon a successful login, a user will be asked to select either Daily Report or Daily Workforce. User will be redirected to the respective tab basis of the selected option.

Tab 1 - Daily Report Sync

If a “Daily Report Sync” option is selected, user will be redirected to the following screen –

The screenshot displays the 'PROCORE SKILLSIGNAL SYNC' interface. At the top, there are three tabs: 'DAILY REPORT SYNC' (selected), 'DAILY WORKFORCE SYNC', and 'SYNC LOGS'. The user 'Andrew Wilson' is logged in. The interface is divided into two main sections: 'PROCORE' and 'SKILLSIGNAL'. Under 'PROCORE', there are dropdown menus for 'Company' (Weston Power) and 'Project' (Lakeview Garden). Under 'SKILLSIGNAL', there is a dropdown menu for 'Company' (Weston Power) and a dropdown menu for 'Project' (Select). Below these, there is a 'Documents Folder Path' section with a tree view showing a hierarchy of folders. The selected path is 'Structure Tone > STO LL196 Daily Scan-in(SkillSignal)'. Below the tree view, there is a 'Selected Document Folder Path' section showing the path 'Structure Tone > STO LL196 Daily Scan-in(SkillSignal)'. The 'File Name' section has a text input field 'Enter File Name' and a timestamp format 'MM-DD-YYYY HH:MM:SS'. There are radio buttons for 'Date Prefix' and 'Date Postfix', with 'Date Postfix' selected. The 'Sync Frequency' section has checkboxes for days of the week: Mon (checked), Tue, Wed, Thurs, Fri, Sat, Sun. There is also a 'Select Time' dropdown menu. At the bottom, there are 'CLEAR' and 'SAVE' buttons. The footer contains copyright information, legal terms, and the SkillSignal logo.

- User has to map the Employer and Project on Procure platform and SkillSignal system.
- Basis their login credentials, the Employer is prefilled for the SkillSignal system.
- For Procure platform, user has to select the corresponding Employer from the dropdown list.
- For the selected Employer, user has to select the corresponding Project (for which they need to the sync the data) from dropdown list.
- For the selected Project, the sync settings are shown to the user.
- Documents Folder Path – path on the Procure platform where the document from SkillSignal system will be saved.
- File Name – custom file name for the document.
 - Date Prefix – timestamp will be prefixed to document name
 - Date Postfix – timestamp will be postfixed to document name
- Sync Frequency – days and time on which the SkillSignal system will push data to Procure platform.
- User has to save the sync settings and basis the user’s configuration SkillSignal system will push data to Procure platform.

Tab 2 - Daily Workforce Sync

If a "Daily Workforce Sync" option is selected, user will be redirected to the following screen –

PROCORE SKILLSIGNAL SYNC Andrew Wilson ▾

- User has to select the Project (for which they need to sync the data) from the dropdown list on the SkillSignal system and Procore platform, respectively.
- For the selected project, the user has to select any of the subcontractors mapped on a site from the SkillSignal Subcontractor dropdown list.
- For the Procore platform, the user has to select the corresponding subcontractor and trade from the respective dropdown list.
- The workforce data will be pushed from SkillSignal to Procore.
- On click of the “Add” button, a new row will be added where a user has to select subcontractor for the SkillSignal system along with subcontractor and trade for the Procore platform.
- On click of the “Delete” button, a trade and subcontractors selection row will be deleted.
- Sync Frequency – days and time on which the SkillSignal system will push workforce data to the Procore platform.
- The user has to save the sync settings for the SkillSignal system to push workforce data to the Procore platform.
- On click of the “Clear” button, the selected configuration will be entirely cleared.
- User can switch to any of the three tabs whenever required.
- When a scheduler will run on the set configuration for the selected project, the workforce data will be pushed to Procore from the SkillSignal based on the following parameters –
 - a. Foreman workers are the count of foremen who are present in the people’s tab having the selected subcontractor as their employer on a selected site. The shift timing for each worker will be 8 hours.
 - Foreman total hours = Foreman Workers × 8 hours.
 - b. Journeyman Workers is the count of workers of subcontractors who have clocked into the site for a specific day. Shift timing for each Journeyman worker would be 8 hours.
 - Journeyman Total Hours = Journeyman Workers × 8 hours.

The above defaults can be changed by the user in the daily datasets.

<input type="checkbox"/> ?	Company *	Trade *	Foreman Workers	Foreman Total Hours	Journeyman Workers	Journeyman Total Hours
	<input type="text" value="Select Company"/>	<input type="text" value="Select Trade"/>	<input type="text" value="0"/>	<input type="text" value="0"/>	<input type="text" value="0"/>	<input type="text" value="0"/>

Tab 3 - SYNC LOGS

The screenshot shows the PROCORE SKILLSIGNAL SYNC interface. The top navigation bar is orange and contains the logo, the text "PROCORE SKILLSIGNAL SYNC", and the user name "Andrew Wilson" with a dropdown arrow. Below the navigation bar, there are three tabs: "DAILY REPORT SYNC", "DAILY WORKFORCE SYNC", and "SYNC LOGS". The "SYNC LOGS" tab is selected and highlighted with an orange underline. To the right of the tabs is a "SYNC NOW" button. Below the tabs is a dropdown menu labeled "Select Project" with a downward arrow. The main content area is currently empty. At the bottom of the interface, there is a footer with the text "© 2019 - 2023 SkillSignal LLC. All Rights Reserved.", "LEGAL TERMS AND CONDITIONS", and "Powered by: SKILLSIGNAL".

- Sync Logs – to view the history of sync logs.
- User has to first select the project for which they need to view the sync logs.

The screenshot shows the PROCORE SKILLSIGNAL SYNC interface with the "Lakeview Garden" project selected in the dropdown menu. The "SYNC LOGS" tab is selected, and a table of sync logs is displayed. The table has the following columns: ID, Type, Sync Type, Name, Date & Time, and Status. The status column uses colored pills to indicate the result of each sync: green for "Success" and red for "Fail".

ID	Type	Sync Type	Name	Date & Time	Status
0001	Daily Workforce	Auto	System	June 02, 2023 09:00 AM	Success
0002	Daily Report	Auto	System	June 01, 2023 09:00 PM	Success
0003	Daily Report	Manual	Andrew Wilson	May 25, 2023 12:10 PM	Fail
0004	Daily Report	Auto	System	May 23, 2023 10:10 PM	Success
0005	Daily Report	Auto	System	May 20, 2023 08:30 AM	Success
0006	Daily Workforce	Manual	Andrew Wilson	May 18, 2023 05:30 PM	Success
0007	Daily Workforce	Auto	System	May 10, 2023 08:30 AM	Fail
0008	Daily Workforce	Auto	System	May 05, 2023 09:30 AM	Success
0009	Daily Report	Manual	Andrew Wilson	April 20, 2023 08:30 AM	Success
0010	Daily Workforce	Auto	System	April 15, 2023 11:30 PM	Success

At the bottom of the interface, there is a footer with the text "© 2019 - 2023 SkillSignal LLC. All Rights Reserved.", "LEGAL TERMS AND CONDITIONS", and "Powered by: SKILLSIGNAL".

- For the selected Project, the past sync logs are shown to the user.
- Both the types of log entries will be shown in a list, i.e., Daily Report Sync and Daily Workforce Sync.
- SkillSignal system pushes data to the Procore platform as per the sync settings, such entries are marked as “Auto” type of sync.
- Sync Logs tab consist of following columns –
 - ID – data sync ID.
 - Type – type for which the data is synced, i.e., either Daily Report Sync or Daily Workforce Sync.
 - Sync Type - type of sync, i.e., either auto or manual.
 - Name – if the logs are synced basis of set configuration, then it falls under “System” Sync. If the logs are manually synced then the name of a responsible SkillSignal user will be shown.
 - Date & Time – date and time on which a particular data was synced.
 - Status – status of a data sync i.e., either success or fail.
- Sync Now – The user has the option to manually sync data between the Procore Platform and the SkillSignal system, such entries are shown as a “Manual” type of Sync.
- If a user clicks on “Sync Now” button, a user will be shown a below pop-up options to select from –
 - Daily Report
 - Daily Workforce

The screenshot displays the 'PROCORE SKILLSIGNAL SYNC' interface. At the top, there are tabs for 'DAILY REPORT SYNC', 'DAILY WORKFORCE SYNC', and 'SYNC LOGS'. A dropdown menu shows 'Lakeview Garden'. Below the tabs is a table with columns: ID, Type, Sync Type, Name, Date & Time, and Status. The table contains 10 rows of sync logs. A modal dialog is open in the center, titled 'Which configuration do you want to sync?'. It has two radio button options: 'Daily Report' (selected) and 'Daily Workforce'. Below the options is an orange 'SYNC NOW' button. The footer of the interface includes copyright information, legal terms, and the SkillSignal logo.

ID	Type	Sync Type	Name	Date & Time	Status
0001	Daily Workforce	Auto	System	June 02, 2023 09:00 AM	Success
0002	Daily Report			June 01, 2023 09:00 PM	Success
0003	Daily Report			May 25, 2023 12:10 PM	Fail
0004	Daily Report			May 23, 2023 10:10 PM	Success
0005	Daily Report			May 20, 2023 08:30 AM	Success
0006	Daily Workforce			May 18, 2023 05:30 PM	Success
0007	Daily Workforce	Auto	System	May 10, 2023 08:30 AM	Fail
0008	Daily Workforce	Auto	System	May 05, 2023 09:30 AM	Success
0009	Daily Report	Manual	Andrew Wilson	April 20, 2023 08:30 AM	Success
0010	Daily Workforce	Auto	System	April 15, 2023 11:30 PM	Success

- If a user selects Daily Report option, then all the Daily Report entries in the list will be synced manually.
- If a user selects Daily Workforce option, then all the Daily Workforce entries in the list will be synced manually.
